OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE.

No. 19750 / 911.

Bangalore, 5th June *191* 5.

From

RAO BAHADUR M. SHAMA RAO, ESQ., M.A.,
Inspector-General of Education in Mysore.

To

C.S. Balasundaram Iyer, Esq., B A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education and Agriculture,
Bangalore.

SIR,

With reference to Government Order No.4839-40/Edn.17-14-6[illegible] dated 15th May 1915 sanctioning the purchase of a second hand Motor Cycle and side-car at a cost not exceeding Rs.1000 I have the honour to forward herewith copy of letter No.278 dated 26th May 1915 from the Superintendent, Mechanical Engineering School, Bangalore, urging the desirability of purchasing a new and up-to-date cycle instead of a second-hand machine. There is force in the facts stated by the Superintendent on behalf of a new machine, and I therefore recommend that Government may be pleased to sanction the purchase already made as noted in the margin, the charges being met out of fund provided for the equipment of the school.

Scott 2 Stroke Motor Cycle	Rs.	1,265	12 0
Horn		22	0 0
Side-Car		80	0 0
	Rs.	1,367	12 0

I have the honour to be,

Sir,

Your most obedient servant,

M. Shama Rao.

Inspector General.

TNR.

Letter No.278 dated 26th May 1915 from the Superintendent Mechanical Engineering School, Bangalore, to the Inspector General of Education in Mysore.

With reference to your Memo No.19010/1223 of the 22nd instant, I have the honour to inform you that from the experience gained on the second hand Dedian Car it is quite clear that a second hand ancient type motor vehicle is quite unsuitable for tuition purpose. The old car has not beel able to afford training for two or three students whereas the new one has given scope to about a dozen and is still fit for good work in future. The old car requires a lot of renewals and repairs. Moreover ordinary car and cycles have only four stroke engine. It is quite necessery in a school like this, if it has any pretensions to give an up-to-date treining, to show the working of a modern two-stroke engine. Regarding side car a modest priced new or even a cheap second hand one will do and I daresay one is now available for about Rs.75 or Rs.80. If sanctioned, it will be purchased. Therefore I request you to urge the Government to approve the purchase made in consultation with Mr. V. Rangeswami Iyengar. The combination will cost as below:-

Scott 2 stroke Motor Cycle	Rs.1,265	12	0
Horn	22	0	0
Side-car	80	0	0
	Rs.1,367	12	0
